The Journal of Rangeland Science is a quarterly peer review open access publication of Iranian IAU, Borujerd Branch which publishes original research articles, review papers and short communications on various aspects of Rangeland Science, Range Management, Ecology, Environmental Science and Engineering.

1. Papers submitted for publication should describe high quality original work, not previously partially or fully published elsewhere.
2. Manuscripts must be submitted only in English and should be written according to sound grammar and proper terminology.
3. Manuscripts should be typed with a font Times New Roman of 12 pt. and 2 cm margin at each side and submitted to the Editorial Office electronically through the Journal Email. Manuscript submission must be applied one in order to be obtained only one submission code number. Manuscript must be accompanied by a covering letter including title and author (s) name and undertaking that it has not been published or submitted elsewhere. The sampling covering letter is supplied at the Journal by email after receiving paper.
4. The first page of the paper should only contain the title, name(s), degree(s) and addresses (Tel. Fax, and Email) of the author(s) and the source(s) of financial support for the study.
5. The text should include: Title and abstract (150-250 words), which state the purpose of the study, basic procedures, main findings and the principal conclusions where are followed by 3-5 key words. Introduction; materials and methods; results; discussion and conclusion; acknowledgement and references list are followed.
6. Manuscripts may be 3000-8000 words or longer if approved by the editor, including an abstract, texts, tables, footnotes, appendixes, and references.
7. Tables, in limited numbers should be submitted on separate pages with the captions placed above. Do not submit tables as photograph. Place explanatory matters in footnotes, not in the heading. Do not use internal horizontal and vertical rules.
8. Figures and graphs should be mounted on separate pages. All graphs should be provided in Excel format.
9. Suggested place of tables and figures should be clearly marked on the margin of the text.
10. The same data should not be presented simultaneously in tables, figures and text.
11. Abbreviations and symbols should be explained at first occurrence. The police of the Journal with respect to unit and symbols are that SI (Systems internationals) symbols should be used
12. References: All publication cited in the text should be presented in the list of references

Authors should send their contributions electronically to the Editorial Office.

following the text of the manuscript. In the text refer to the author's name (without initials) and year of publication (e.g. Kramer, 2010; arzani, 2012). For three or more authors use the first author followed by "*et al.*," in the last. The list of references at the end of the manuscript should be arranged alphabetically authors' names and chronologically per author. The list of references should be given in the following style which is as Harvard System:

Baumann, T., Fruhstorfer, P., Klein, T., Niessner, R., 2006. Colloid and heavy metal transport at landfill sites in direct contact with ground water. *Water Res.*, 40 (14), 2776-2786.

13. The Journal is a fully color publication with glossy paper. The author (s) will be supplied with one issue of the Journal and 5 off prints. Author (s) can purchase any extra Journal copy and off prints they wish to order.

14. Upon completion the evaluation process, the author (s) would be notified electronically about the status of article. Following acceptance of the article for publication, authors will be asked to complete and signed, the copyright for the accepted article, individually due to the fully peer review processing and publication.

15. The submitted materials may be considered for inclusion but can not be returned.

16. Regarding with the conflicts of interest, submitted manuscript must be accompanied with a statement from the authors disclosing all financial and personnel relationship that might bias their work, if any. Besides, they are requested to evident whether impending conflicts do or do not exist. A separate page should cover this proclamation and if there are further details, could be mentioned in covering letter. If an organization encompasses any financial interest in the outcome of the study, the authors are appealed to provide a declaration that have full excess to all the data in the study and take complete responsibility for the integrity of the data and the accuracy of the data analysis.

17. Editors of the Journal reserve the right to accept or reject any article in any stage, if necessary.

18. The sole responsibility for the whole contents of the article (views and statements) remains only with the author (s).
