Let's work together to publish the knowledge  
And science to serve better the Rangelands

### **Aims and Scope**

*Journal of Rangeland Science (JRS)* is a national scholarly refereed research journal which aims to promote the theory and practice of rangeland science, innovation, engineering and management. A broad outline of the journals' scope includes: peer reviewed original research articles, case and technical reports, reviews and analyses papers, short communications and notes to the editor, in interdisciplinary information on the practice and status of research in rangeland science, both natural and man made. The main aspects of research areas include, but are not exclusive to: Rangeland Ecology, Eco-physiology of Rangeland Plants, Socio-Economic Factors of Basin, Rangeland Hydrology, GIS and Rangelands, Biodiversity Conservation, Natural Resource Sustainability, Modeling and Decision Support Tools in Natural Resource, Analysis and Assessment of Rangeland, Rangeland Development and Improvement, Soil and Water Conservation.

### **Vision and Mission**

*Journal of Rangeland Science (JRS)* publishes original, peer-reviewed and technical rangeland articles since autumn 2010 to serve that rangeland science, engineering and management through the publication of timely and reliable information. *JRS* is an integral partner with the scientific and technical communities, delivering superior information products and services that foster communication. It builds insights and enables individual and collective advancement in rangeland research. To provide rangeland scientific information and the general public with descriptions of timely, contemporary advances in rangeland issues for use in improving rangeland protection, *JRS* tries to conserve the natural resources.

# CONTENTS

## Volume 1, Number, 1 Autumn 2010

(Papers are listed based on date of acceptance)

- Planting Methods and Seedling Establishment of *Artemisia sieberi* Besser: Seeds Collected from Isfahan Kolah Ghazi Sagebrush Vegetations ..... 1**  
A. Jabarzare, M. Bassiri and H. Yeganeh (Iran)
- Effects of Phenological Stages on Yield and Quality Traits in 22 Populations of Tall Wheatgrass *Agropyron elongatum* Grown in Lorestan, Iran ..... 9**  
A. A. Jafari, H. Anvari, S. Nakhjavan and E. Rahmani (Iran)
- Desert Transformation or Desertification Control?..... 17**  
Victor R. Squires (Australia)
- Flood Water Surface Profile in Tapi River- Surat ..... 23**  
G. I. Joshi, and A. S. Patel (India)
- Capability Investigation of Carbon Sequestration in Two Species (*Artemisia sieberi* Besser and *Stipa barbata* Desf.) Under Different Treatments of Vegetation Management (Saveh, Iran) ..... 37**  
M. Alizadeh, M. Mahdavi and M. H. Jouri (Iran)
- Investigation of Plant Diversity in Middle Rangelands of Taleghan by Using BIO-DAP ..... 47**  
E. Fahimipoor, M. A. Zare Chahouki, M. Jafari, M. Goldansaz and Z. Mohhebi (Iran)
- Study of Change in Water Quality at Different Distances form Sea in Mahi Estuarian Area..... 53**  
M. B. Patel and D. R. A. S. Patel (India)
- Comparison of Seed Bed Preparation Methods on Seedling Emergence Rate in Six Range Species in Khash Rangelands of Iran ..... 65**  
A. A. Ameri and A. A. Sanadgol (Iran)
